first published in 1993 the scientific and political debate about poverty has been  
changing fast with dramatic implications for intellectual interpretation and action  
by governments and the intention in publishing this volume is to contribute to that  
debate scientists concerned to analyse poverty have been thrust by events into  
greater international service but there are sinister forces at work which are  
seeking to divert them into petty issues to blame the victims of poverty or to cut  
them off from the resources or opportunities to investigate and report freely this  
book is born of that frustration and represents the changing debate during the  
late 1980s and early 1990s
