the term latin america refers to the portuguese and spanish speaking states created in the early 1820s following the wars of independence states that differed enormously in geographical and demographical scale ethnic composition and economic resources yet shared distinct historical and cultural traits specially commissioned essays by leading experts explore the unity and diversity of the region s cultural expressions these essays analyse history and politics from the nineteenth century to the present day and consider the heritage of pre columbian and colonial latin america there is a particular focus on narrative as well as on poetry art and architecture music cinema theatre and broader issues of popular culture a final chapter looks at the strong and rapidly expanding influence of latino a culture in the united states a chronology and guides to further reading are included making this volume an invaluable introduction to the rich and varied culture of modern latin america

it is well known that large numbers of europeans migrated overseas during the century preceding the great depression of 1930 many of them to the united states what is not well known is that more than 20 percent of these migrants emigrated to latin america significantly influencing the demographic economic and cultural evolution of many areas in the region mass migration to modern latin america includes original contributions from more than a dozen leading scholars of the innovative new latin american migration history that has emerged in the past 20 years though the authors focus primarily on the nature and impact of mass migration to argentina and brazil from 1870 1930 they place their analysis in broader historical and comparative contexts each section of the book begins with personal stories of individual immigrants and their families providing students with a glimpse of how the complex process of migration played out in various

situations this book demonstrates the crucial impact of the mass migrations of the late nineteenth and early twentieth centuries on the formation of some latin american societies

latin america in the modern world is the first text to situate the history of latin american into a wider global narrative and it does so without de emphasizing the distinctive experiences of each of the latin american countries focusing on five themes state formation the construction of national identity through popular culture and religion economics and commodities race class and gender and the environment and written by leading scholars latin america in the modern world provides students today with an entry point into understanding this vital region the authors emphasize the distictive experiences of each of the latin american countries instead of suggesting that all latin american nations have an interchangeable heritage the authors seek to clearly identify themes topics people and intellectual currents that help to knit the history of modern latin america into a coherent category of study the book would not serve students well if it focused primarily on the history of the three largest countries mexico brazil and argentina to the neglect of others like the central american and andean nations as a consequence case studies from almost all of the countries are included at some point in the narrative when their history seems to illuminate a theme or idea particularly effectively in this fashion students will come to appreciate the great diversity of history and culture within the latin american region while simultaneously understanding how it fits into the streams and currents of world history and events more broadly

unlike other regions around the world several latin american countries have managed to reduce income inequality over the last decade higher growth rates and growing employment but also innovative wage policies and social programs have contributed to reducing poverty and narrow income disparities yet despite this progress nation states in the region demonstrate little capacity to substantially change their patterns of deeply rooted inequalities focusing on the limits and challenges of redistributive policies in latin america this volume synthesizes and updates the discussion of inequality in the region introducing the perspective of

global and transnational interdependencies the book explores the extent to which redistributive policies have been interlinked with the provision and quality of public goods as well as with structural changes of the productive sector inspired by structuralist and neostructuralist thinking of latin american economists such as raúl prebisch and celso furtado authors question the redistributive impact of the interplay of recent macroeconomic fiscal and social policies particularly under left and center left administrations committed to greater equality bringing together experts in social fiscal and macroeconomic policies to investigate the interdependent and global character of inequalities this book will appeal to scholars of sociology economics development and politics with interests in latin america inequality and public policy

this edited collection presents original and compelling research about contemporary experiences of latin american movements and politics in several countries the

book proposes a theoretical framework that conceptualises different mediation processes that emerge between cyberdemocracy and the emancipation practices of new social movements additionally this volume presents some latin american practices and experiences that are autonomously and by using self management creating other identities and social spaces on the margins of and against the neoliberal system through the use of digital technology this book will be of great interest to scholars of media and social movements studies as well as of contemporary politics

unlike other regions around the world several latin american countries have managed to reduce income inequality over the last decade higher growth rates and growing employment but also innovative wage policies and social programs have contributed to reducing poverty and narrow income disparities yet despite this progress nation states in the region demonstrate little capacity to substantially change their patterns of deeply rooted inequalities focusing on the limits and challenges of redistributive policies in latin america this volume synthesizes and updates the discussion of inequality in the region introducing the perspective of global and transnational interdependencies the book explores the extent to which redistributive policies have been interlinked with the provision and quality of public goods as well as with structural changes of the productive sector inspired by structuralist and neostructuralist thinking of latin american economists such as raúl prebisch and celso furtado authors question the redistributive impact of the interplay of recent macroeconomic fiscal and social policies particularly under left and center left administrations committed to greater equality bringing together experts in social fiscal and macroeconomic policies to investigate the interdependent and global character of inequalities this book will appeal to scholars of sociology economics development and politics with interests in latin america inequality and public policy

philosophy and literature in latin america presents a unique and original view of the current state of development in latin america of two disciplines that are at the core of the humanities divided into two parts each section explores the contributions of distinguished american and latin american experts and authors the section

on literature includes the literary activities of latin americans working in the united states an area in which very little research has been demonstrated and for that reason will add an interesting new dimension to the field of latin american studies
