6 Postcolonialism Legacy of Empire Postcolonial theory examines the enduring legacy of colonialism on global politics It critiques the power imbalances created by historical imperialism and its continuing influence on international relations Core Tenet The historical experience of colonialism continues to shape global power dynamics leading to ongoing inequalities and neocolonial relationships Realworld Example The ongoing struggles for selfdetermination in formerly colonized regions illustrate the relevance of postcolonial analysis Strength Postcolonialism provides a powerful critique of Westerncentric narratives and illuminates the historical roots of global inequalities Weakness It can be criticized for its lack of concrete policy prescriptions and potential for overly broad generalizations
