this book is about how journalism can contribute to the recovery of democracy from the crisis exemplified by the trump presidency the brexit referendum and the rise of populism across the western world it explores the ethical concepts that provide the foundation for journalism in modern democracies pluralism liberalism tolerance truth free speech and impartiality history has shown that crisis brings opportunity for change on a scale that is unachievable under ordinary political conditions and this book proposes fundamental ways in which journalism can help democratic societies seize the moment it traces the development of traditional mass media and social media and explores how the two might work better together to benefit democratic life the development of press theory is described and enhanced by a proposed new theory democratic revival

journalism in context is an accessible introduction to the theory and practice of journalism in a changing world the book looks at the way in which power flows through media organisations influencing not only what journalists choose to present to their audiences but how they present it and then in turn what their audiences do with it using examples from across the world as well as from her own research angela phillips uses them to explain complex theoretical concepts she invites readers to consider how news is influenced by the culture from which it emerges as well

as the way it is paid for and how different countries have approached the problem of ensuring that democracy is served by its media rather than being undermined by it journalism has always been an early adopter of new technologies and the most recent changes are examined in the light of a history in which although platforms keep on changing journalism always survives the questions raised here are important for all students of journalism and all those who believe that journalism matters

the public james carey famously wrote is the god term of journalism the term without which the entire enterprise fails to make sense in the last thirty years scholars have made great progress in understanding just what this means in this much needed new book leading scholar david ryfe takes readers on a journey through the literature that explores this most important of relationships he discusses how and why journalism first emerged in the united states and why journalism everywhere shares a family resemblance but is nowhere practised in precisely the same way he goes on to explain why journalists have such difficulty talking about the business aspects of their profession and explores the boundaries of the field s collective imagination ryfe looks at the nature of change in journalism providing sketches of its possible futures ultimately he argues that the public is a keyword for journalism because it is impossible to understand the practice without it this rich and insightful guide will prove indispensable for anyone interested in understanding the practice of journalism

news and journalism are in the midst of upheaval shifts such as declining print subscriptions and rising website visitor numbers are forcing assumptions and practices to be rethought from first principles the internet is not simply allowing faster wider distribution of material digital technology is demanding transformative change out of print analyzes the role and influence of newspapers in the digital age and explains how current theory and practice have to change to fully exploit developing opportunities in out of print george brock guides readers through the history present state and future of journalism highlighting how and why journalism needs to be rethought on a global scale and remade to meet the demands and opportunities of new conditions he provides a unique examination of every key issue from the phone hacking scandal and leveson inquiry to the impact of social media on news and expectations he presents an incisive authoritative analysis of the role and influence of journalism in the digital age online supporting resources for this book include downloadable lecture slides

this book bridges a gap between discussions about truth human understanding and epistemology in philosophical circles and debates about objectivity bias and truth in journalism it examines four major philosophical theories in easy to understand terms while maintaining a critical insight which is fundamental to the contemporary study of journalism the book aims to move forward the discussion of truth in the news media by dissecting commonly used concepts such as bias objectivity balance fairness in a philosophically grounded way drawing on in depth interviews with journalists to explore how journalists talk about truth

barbie zelizer provides enormous service to students and scholars with this comprehensive and highly persuasive critique of the literature in and about journalism as both process and practice as a profession and an industry zelizer takes a step back to look at what we know about news

and she does not pull her punches in pointing out what we do not know linda steiner rutgers university zelizer s encyclopedic review of scholarly studies of journalism fills an important need for researchers and comparing that scholarship across disciplines generations and countries makes it even more valuable her analyses will be invaluable for media research and should also spur interest in journalism among the social science and other disciplines she studied the book is an impressive achievement herbert j gans columbia university and author of democracy and the news taking journalism seriously is a resplendent analysis of the condition of journalism studies zelizer has produced a critical and lasting contribution to our understanding of the position of news journalism and journalism practice within the disciplines of political science sociology psychology philosophy language and cultural studies this excellent book is an engaging and sophisticated treatise on both the historical and contemporary theoretical perspectives of journalism scholarship howard tumber city university london how have scholars tended to conceptualize news newsmaking journalism journalists and the news media which explanatory frames have they used to explore journalistic practice from which fields of inquiry have they borrowed in shaping their assumptions about how journalism works in taking journalism seriously news and the academy author barbie zelizer discusses questions about the viability of the field of journalism scholarship and examines journalism as a discipline a profession a practice and a cultural phenomenon taking journalism seriously argues that scholars have remained too entrenched within their own disciplinary areas resulting in isolated bodies of scholarship this is the first book to critically survey journalism scholarship in one volume and organize it by disparate fields the book reviews existing journalism research in such diverse fields as sociology history language studies political science and cultural analysis and dissects the most prevalent and understated research in each discipline the author provides a critical mapping of the field of journalism studies and encourages academics to look at journalism from various disciplinary perspectives taking journalism seriously advocates a realignment of the ways in which journalism has traditionally been conceptualized and urges scholars to think anew about what journalism is as well as reflect on why they see it as they do taking journalism seriously is designed for undergraduate and graduate students in advanced courses on journalism and journalism studies it will also be of interest to scholars academics and researchers in the fields of journalism communication media studies sociology and cultural studies

will prove extremely relevant and popular on courses where students are pursuing media and journalism degrees granville williams huddersfield university journalism principles and practice is essential reading for students teachers and journalists it seems destined to become a classic text of journalism education professor bob franklin cardiff university journalism principles and practice combines practical advice with critical reflection and draws on tony s 20 years experience as a journalist it explains how to do journalism how to be a journalist and how to relate all the well intentioned theory about the profession to doing the real job in the real world hold the front page novel user friendly layout exhilarating and inspiring seldom if ever have the practical and the theoretical been so well assimilated free press this excellent and easy to read book will help young journalists understand the real nature of today s media and their role within in jeremy dear nuj general secretary offering a wide ranging introduction to journalism and combining the experience and advice of practising journalists with insights gained by the

academic study of journalism journalism principles and practice relates theory to practice throughout spans print broadcasting and online journalism includes sections on news features sources interviewing and ethics includes a style guide for journalists and a list of useful websites in addition to explaining how to do journalism each chapter introduces a range of more theoretical concepts designed to encourage reflective practice however it also uses the perspective of practitioners to question media theory

have new communications technologies revitalised the public sphere or become the commercial tool for an increasingly un public undemocratic news media are changing journalistic practices damaging the nature of news or are new media allowing journalists to do more journalism and to engage the public more effectively with massive changes in the media environment and its technologies interrogating the nature of news journalism is one of the most urgent tasks we face in defining the public interest today the implications are serious not just for the future of the news but also for the practice of democracy in a thorough empirical investigation of journalistic practices in different news contexts new media old news explores how technological economic and social changes have reconfigured news journalism and the consequences of these transformations for a vibrant democracy in our digital age the result is a piercing examination of why understanding news journalism matters now more than ever it is essential reading for students and scholars of journalism and new media

this book bridges a gap between discussions about truth human understanding and epistemology in philosophical circles and debates about objectivity bias and truth in journalism it examines four major philosophical theories in easy to understand terms while maintaining a critical insight which is fundamental to the contemporary study of journalism the book aims to move forward the discussion of truth in the news media by dissecting commonly used concepts such as bias objectivity balance fairness in a philosophically grounded way drawing on in depth interviews with journalists to explore how journalists talk about truth

identifies the essential elements of journalism and its role in our society

this volume offers a critical and constructive examination of the claims of public journalism the controversial movement aimed at getting the press to promote and indeed improve not merely report on the quality of public life from leading contributors original essays refine the terms of the debate by situating it within a broad cultural historical and philosophical framework exploring the movement s promise as well as its problems the idea of public journalism sheds lights on issues of political power freedom of expression democratic participation and press responsibility

in a rapidly changing media landscape what becomes of journalism designed to engage inspire and challenge students while laying out the fundamental principles of the craft principles of american journalism introduces students to the core values of journalism and its singularly important role in a democracy from the first amendment to facebook stephanie craft and charles n davis provide a comprehensive exploration of the guiding principles of journalism the ethical and legal foundations of the profession its historical and modern precepts the economic landscape the relationships among journalism and other social institutions and the key issues

and challenges that contemporary journalists face case studies discussion questions and field exercises help students to think critically about journalism's function in society creating mindful practitioners of journalism and more informed media consumers with its bottom line under assault its values being challenged from without and from within and its future anything but certain it has never been more important to think about what's unique about journalism this text is ideal for use in introductory principles of journalism courses and the companion website provides a full complement of student and instructor resources to enhance the learning experience and connect to the latest news issues and events

young people and the future of news traces the practices that are evolving as young people come to see news increasingly as something shared via social networks and social media rather than produced and circulated solely by professional news organizations the book introduces the concept of connective journalism clarifying the role of creating and sharing stories online as a key precursor to collective and connective political action at the center of the story are high school students from low income minority and immigrant communities who often feel underserved or misrepresented by mainstream media but express a strong interest in politics and their communities drawing on in depth field work in three major urban areas over the course of ten years young people and the future of news sheds light on how young people share news that they think others should know about express solidarity and bring into being new publics and counter publics

journalism today a themed history provides a cultural approach to journalism's history through the exploration of overarching concepts as opposed to a typical chronological overview rich with illuminating stories and biographies of key figures it sheds new light on the relationship between the press and society and how each has shaped the other thematic study of the history of journalism examining the role of journalism in democracy the influence of new technology the challenge of balancing ethical values and the role of the audience charts the influence of the historical press for today's news in print broadcast and new media situates journalism in a rich cultural context with lively examples and case studies that bring the subject alive for contemporary readers provides a comparative analysis of american british and international journalism helpful feature boxes on important figures and case studies enhance student understanding of the development of journalism and news as we know it today providing a convenient springboard for follow up work

ubiquitous news global information access instantaneous reporting interactivity multimedia content extreme customization journalism is undergoing the most fundamental transformation since the rise of the penny press in the nineteenth century here is a report from the front lines on the impact and implications for journalists and the public alike john pavlik executive director of the center for new media at columbia university's graduate school of journalism argues that the new media can revitalize news gathering and reengage an increasingly distrustful and alienated citizenry the book is a valuable reference on everything from organizing a new age newsroom to job hunting in the new media

a major new statement on the role of journalism in democracy from one of media and

communication s leading thinkers this textbook is the perfect answer to the how and why of journalism it is crucial reading for any student of media studies communication studies and journalism

public life in america is in trouble we find ourselves seemingly unwilling or unable to solve long standing problems the political part of public life is viewed with growing cynicism by increasingly disaffected citizens at the same time journalism is also in trouble much of what journalists do is seen by citizens as the product of a discredited political class by every statistical measure journalism is not trusted not believed and seen as unhelpful in solving public problems it is no coincidence that the decline in journalism and the decline in public life have happened at the same time in modern society they are codependent public life needs the information and perspective that journalism can provide while journalism needs a viable public life because without one there is no need for journalism thus journalism and the people in it face a challenge if journalists are to leave the country a better place than they found it and secure their profession s future a great deal must change this book about journalism and democracy suggests a place to start foundational to the book are the author s own deep seated biases which include journalism in all its forms ignores its obligations to effective public life failure has been a major contributor to the resultant malaise in public life journalism should and can be a primary force in the revitalization of public life but fundamental change in the profession cultural generational change is necessary for that to occur divided into three parts this volume begins with a summary of the arguments why journalism and public life are inseparably bound in success or failure and why the way journalism operates fosters failure more often than success the next section looks at the development of the profession s culture in one journalist the author over four decades and how he came to believe that substantive change is needed the final part deals with the future of journalism in cyberspace and why journalism needs a vocabulary of values

almost everyone reads the newspaper browses the internet listens to the radio or watches tv journalism has an indelible effect on our worldview from the fight against global terrorism to the american presidential elections celebrity scandal to the latest environmental coups hargreaves uses his unique position within the media to examine how we get this information and the many practical political and professional decisions that the journalist has to make as part of the process of delivering that information to us is journalism the first draft of history or a dumbing down of our culture and a glorification of the trivial and intrusive in this intriguing book ian hargreaves argues that the core principles of freedom of the press and the necessity of exposing the truth are as vital today as they ever were about the series the very short introductions series from oxford university press contains hundreds of titles in almost every subject area these pocket sized books are the perfect way to get ahead in a new subject quickly our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

a powerful and profound study of the news how we read it who controls it and why it matters from former guardian editor in chief alan rusbridger
