traces the history of u s relations with south america and the caribbean and discusses issues of mutual concern

no detailed description available for european images of the americas and the classical tradition

the obama administration inherits a daunting set of domestic and international policy challenges it would be tempting to put latin america and the caribbean on the back burner for their nations pose no imminent security threat nor do they seem at first blush critical to the most pressing problems of u s foreign policy the obama

administration and the americas however argues that the new administration should focus early and strategically on latin america our neighbors to the south impact daily on the lives of u s citizens on issues such as energy narcotics immigration trade and jobs and these are the countries most likely to partner with washington on the basis of shared values culture and interests recognized experts from latin america the united states and europe suggest in this timely volume that the united states should seize an early opportunity to engage latin america recognizing the region s diversity but also its shared concerns and aspirations the consolidation of stable democracies and rule of law in latin america has long been an expressed goal of both parties in washington but the backlash from iraq the global financial crisis and other recent experiences may discourage the use of u s influence and assistance to nurture democratic governance the authors emphasize case by case sophisticated and multilateral approaches to dealing with such hard cases as bolivia colombia cuba haiti mexico and venezuela

håvard haarstad is a postdoctoral research fellow at the department of geography university of bergen he has worked extensively on the political economy of natural resource extraction and the role of social movements civil society and labor unions in politicizing extraction mark amen is graduate program director in the department of government and international affairs at the university of south florida tampa and deputy editor of globalizations his current research is on urban indebtedness and the global economy asuncion lera st clair philosopher and sociologist is research director at the centre for international climate and environmental research in oslo cicero and associated senior researcher with chr michelsens institute cmi her research focus is on the interface between climate change poverty and development with particular emphasis on justice ethics and knowledge productions processes

summary this two volume encyclopedia profiles the contemporary culture and society of every country in the americas from canada and the united states to the islands of the caribbean and the many countries of latin america

this two volume encyclopedia profiles the contemporary culture and society of every country in the americas from canada and the united states to the islands of the caribbean and the many countries of latin america from delicacies to dances this encyclopedia introduces readers to cultures and customs of all of the countries of the americas explaining what makes each country unique while also demonstrating what ties the cultures and peoples together the americas profiles the 40 nations and territories that make up north america central america the caribbean and south america including british u s dutch and french territories each country profile takes an in depth look at such contemporary topics as religion lifestyle and leisure cuisine gender roles dress festivals music visual arts and architecture among many others while also providing contextual information on history politics and economics readers will be able to draw cross cultural comparisons such as between gender roles in mexico and those in brazil coverage on every country in the region provides readers with a useful compendium of cultural information ideal for anyone interested in geography social studies global studies and anthropology

the comparative approach to the understanding of history is increasingly popular today this study details the evolution of comparative history by examining the career of a pioneer in this area herbert e bolton who popularized the notion that hemispheric history should be considered from pole to pole bolton traced the study of the history of the americas back to 16th century european accounts of efforts to bring civilization to the new world and he argued that only within this larger context

could the histories of individual nations be understood after american entry into the spanish american war in 1898 historians such as bolton promoted the idea of comparative history and it remains to this day a significant historiographical approach consideration of the history of the americas as a whole dates back to 16th century european treatises on the new world chapter one of this study provides an overview of pre bolton formulations of such history in chapter two one sees the forces that shaped bolton s thinking and brought about the development of the concept chapters three and four focus upon the evolution of the approach through bolton s history course at the university of california at berkeley and the reception of the concept among bolton s contemporaries unfortunately bolton never fully developed the theoretical side of his argument thus chapter five chronicles the decline of his ideas after his death the final chapter reveals the survival of the concept which is now embraced by a new generation of historians who are largely unfamiliar with bolton s instrumental role in the promotion of comparative history

a comprehensive encyclopedia covering the close ties between britain and the whole of the americas examining britain s cultural and political legacy to the nations of the new world from vikings to redcoats from the beatles to the war in iraq britain and the americas examines britain s cultural and political legacy to the nations of the americas this comprehensive survey also traces how the americas have in turn influenced contemporary britain from the americanization of language and politics to the impact of music and migration from the west indies complete with an extensive introduction and a chronology of key events this three volume encyclopedia contains introductory essays focusing on the four prime areas of british atlantic engagement canada the caribbean the united states and latin america students of a wide range of disciplines as well as the lay reader will appreciate this exhaustive survey which traces the common themes of british policy and influence throughout the americas and highlights how britain has in turn benefited from the influence of american democracy technology culture and politics
