mexico canada and the united states established the largest free trade area under the north american free trade agreement nafta after two and a half years of negotiation this agreement created a free trade area on the north american subcontinent with approximately 431 million inhabitants and a gdp of about 15 3 trillion in 2006 nafta represented an important milestone in global trade policy not just because of the sheer size of the free trade area it has created but also with regard to the comprehensiveness of the agreement it covered not just merchandise trade but also issues related to investment environmental policies energy generation and labor markets nafta s primary goal was the creation of a free trade area with free movement of goods service and capital but no common market in order to prevent the abuse of different external import tariffs nafta implemented strict rules of origin nafta is focused on economic cooperation and does not in contrast to the european union intend a deeper political integration or the transfer of national sovereignty to a supranational organization the creation of nafta is based on the fact that three countries despite different size economic structure and ethnical background pursued the same goal the establishment of a closer regional economic integration differences in economic terms between the member countries can be clarified by the distribution of nafta s gdp in 2006 more than 86 2 percent of nafta s total gdp was generated by the united

states whereas Mexico contributed only 5.5 percent which reflects the state of Mexico's economic development additionally the Mexican GDP per capita amounted to only 18 percent of the GDP

the history of Mexicans in Texas
