in the transatlantic world of the late eighteenth century easterly winds blew radical thought to america thomas paine had already arrived on these shores in 1774 and made his mark as a radical pamphleteer during the revolution in his wake followed more than 200 other radical exiles english dissenters whigs and

painites scottish lads o parts and irish patriots who became influential newspaper writers and editors and helped change the nature of political discourse in a young nation michael durey has written the first full scale analysis of these radicals evaluating the long term influence their ideas have had on american political thought transatlantic radicals uncovers the roots of their radicalism in the old world and tells the story of how these men came to be exiled how they emigrated and how they participated in the politics of their adopted country nearly all of these radicals looked to paine as their spiritual leader and to thomas jefferson as their political champion they held egalitarian anti federalist values and promoted an extreme form of participatory democracy that found a niche in the radical wing of jefferson s republican party their divided views on slavery however reveal that democratic republicanism was unable to cope with the realities of that institution as political activists during the 1790s they proved crucial to jefferson s 1800 presidential victory then after his views moderated and their influence waned many repatriated others drifted into anonymity and a few managed to find success in the new world although many of these men are known to us through other histories their influence as a group has never before been so closely examined durey persuasively demonstrates that the intellectual ferment in britain did indeed have tremendous influence on american politics his account of that influence sheds considerable light on transatlantic political history and differences in religious political and economic freedoms skillfully balancing a large cast of characters transatlantic radicals depicts the diversity of their experiences and shows how crucial these reluctant émigrés were to shaping our republic in its formative years

includes titles on all subjects some in foreign languages later incorporated into memorial library

from yellowstone to the great smoky mountains america s national parks are sprawling tracts of serenity most of them carved out of public land for recreation and preservation around the turn of the last century america has changed dramatically since then and so has its conceptions of what parkland ought to be in this book one of our premier environmental historians looks at the new phenomenon of urban parks focusing on san francisco s golden gate national recreation area as a prototype for the twenty first century cobbled together from public and private lands in a politically charged arena the ggnra represents a new direction for parks as it highlights the long standing tension within the national park service between preservation and recreation long a center of conservation the bay area was well positioned for such an innovative concept writing with insight and wit rothman reveals the many complex challenges that local leaders politicians and the nps faced as they attempted to administer sites in this area he tells how representative phillip burton guided a comprehensive bill through congress to establish the park and how he and others expanded the acreage of the ggnra redefined its mission to the public forged an identity for interconnected parks and struggled against formidable odds to obtain the san francisco presidio and convert it into a national park engagingly written the new urban park offers a balanced examination of grassroots politics and its effect on municipal state and federal policy while most national parks dominate the economies of their regions ggnra was from the start tied to the multifaceted needs of its public and political constituents including neighborhood ethnic and labor interests as well as the usual supporters from the conservation movement as a national recreation area ggnra

helped redefine that category in the public mind by the dawn of the new century it had already become one of the premier national park areas in terms of visitation now as public lands become increasingly scarce ggnra may well represent the future of national parks in america rothman shows that this model works and his book will be an invaluable resource for planning tomorrow s parks
