offers a comprehensive account of mr li s work with 100 reincarnators from the area of pingyang as well as dozens of its surrounding rural villages all case studies are carefully documented to preserve the authenticity of their narratives with accompanying video interviews available for reference while there had been many accounts of reincarnation in the world in which the subjects were able to recall memories from a past life the cases detailed in this book are unique in that their subjects share a rare ability to recall memories from the intermediary stage between death and rebirth this unusual trait reveals groundbreaking and thought provoking details about the activities of spirits beyond the land of the living and offers an invaluable addition to the field of reincarnation research cover page 4

born again includes the most important cases providing evidence of reincarnation including cases researched by ian stevenson md at the university of virginia dr semkiw methodically presents crucial reincarnation cases in easy to read synopses such as the james huston james leininger case which demonstrate principles of reincarnation these principles include the observations that facial features personality traits talents and passions can remain consistent from lifetime to lifetime dr semkiw also reviews the very significant ian stevenson twin study case which

shows that souls can plan lifetimes so that loved ones can be reunited within families through reincarnation xenoglossy cases researched by ian stevenson md where individuals can speak and understand a foreign language that was not learned by normal means are also presented these cases show that past life personalities are retained intact within the soul born again is a reincarnation primer that sets the stage for many additional cases presented on the reincarnation research website a nonprofit organization dedicated to reincarnation research

this book is the accumulation of 15 years of research study and personal experience with past life regressions these are real cases of reincarnation stories from over 700 client regressions that contain factual evidence affirming the validity of this theory as being something very important real and worth considering these past life stories further open the discussion of time travel death the afterlife the holographic nature of the universe simulation theory karma and quantum healing reincarnation is more than merely a theory it is the key to setting ourselves free from karmic cycles by providing profound healing of mind body and spirit

have you lived before suddenly the idea of reincarnation has produced a wave of resonance in modern society and struck a chord this book documents the growing public acceptance of the possibility that all of us will live again after we finish our present go around on the planet earth the ancient concept of reincarnation and past lives has not only re emerged into our modern consciousness but seems to have become a more natural and accepted part of our world view some studies show that twenty five percent of people in modern western countries now agree that reincarnation is not only possible but a reality the implications of this are enormous imagine a population that has been released from the fear of death suddenly we have all the time in the world eternity in fact life now takes on a new dimension of meaning we realize that this is not all there is and we also understand that we are more than our physical bodies and because we are more than our physical bodies we can access that which

is beyond the physical our potential is virtually unlimited freedom from the fear of death is a kind of universal freedom that can flow across all aspects of life and living knowing that we are not mere physical lumps of biological matter but indestructible souls constructed of pure consciousness is a magnificent vision for humanity knowing that we are souls means that we can live out our lives from that basic understanding it is the ultimate empowerment no doubt many will remain sceptical about the possibility of reincarnation but it seems this is a concept and a phenomenon that is not going away those amazing headlines in the media just keep coming every day more people average ordinary everyday people are discovering that they have an undeniable connection to something larger something infinite and something absolutely amazing table of contents bentreshyt a priestess of isis the reawakening of marty martyn past lives on other planets the interesting case of sherrie lea laird and marilyn life on mars group reincarnation the druze the genius connection the science of reincarnation

many cultures accept that a person may die and then come back to life in another form but westerners have traditionally rejected the idea recently however surveys conducted in europe indicate a substantial increase in the number of europeans who believe in reincarnation and numerous claims of reincarnation have been reported this book examines particular cases in europe that are suggestive of reincarnation the first section provides a brief history of the belief in reincarnation among europeans the second section considers eight cases from the first third of the twentieth century that were not independently investigated but were reported and sometimes published by the persons concerned the third section covers 32 cases from the second half of the twentieth century that were investigated by the author many of these cases involved either children who exhibited unusual behavior attributed to a previous life or adults who experienced recurrent or vivid dreams attributed to a previous life in the fourth section the author compares european cases suggestive of reincarnation with those of other countries and cultures

with easy to read synopses of the anne frank james leininger amitabh bachchan picasso gauguin laurel hardy lincoln and over 50 other fascinating reincarnation cases

dr irwin outlines the origins of parapsychological research and critically reviews investigations of extrasensory perception psychokinesis poltergeist phenomena near death and out of body experiences and apparitions and survival sometimes called reincarnation also criticisms by the skeptical are presented and the status of parapsychology as a scientific enterprise is assessed instructors considering this book for use in a course may request an examination copy [here](#)

reincarnation refuted is the first definitive proof that reincarnation does not happen opposing the grain of new age thinking the approach is logical self contained and free of religious dogma published for the first time is the impossibility theorem the spiritual constitution of the self and the relationship between spirit possession and obsession mind body interaction and how it produces the strange phenomena often attributed to reincarnation an original critique of reincarnationism s best known work twenty cases suggestive of reincarnation whatever the reader s interests beliefs or religious persuasion reincarnation refuted is a fascinating journey of discovery into belief logic and the paranormal

across cultures and generations countless people have reported memories of lives they could not have possibly lived whispers from the past 50 astonishing reincarnation stories explores some of the most chilling and thought provoking cases of past life recall where children and adults alike reveal extraordinary details of people places and events from another time from the astonishing case of shanti devi who reunited with a past life family to a young boy who remembered serving as a world war ii fighter pilot these real life stories defy explanation and challenge the boundaries of science and belief through dreams déjà vu and inexplicable fears these individuals reveal

memories that seem to transcend death itself are these whispers from the past proof of reincarnation or do they hint at something even more mysterious whether you re a skeptic a believer or simply curious this book will take you on a journey that might just change the way you see life and the afterlife

in this book children from england and the rest of europe the u s a lebanon south africa israel india brazil sri lanka and turkey remember their past lives scientists most notably professor ian stevenson director of the division of personality studies at the health sciences center at the university of virginia report on how their stories are then followed up to verify that the childrens memories are correct especially convincing are the cases of children born with missing limbs who are able to describe exactly where and when they lost these limbs in a past life they also often know precisely who their parents and relatives were and where they lived when the childrens statements are subjected to scientific verification they are invariably confirmed in every detail through these investigations reincarnation is proved to be more than a belief or a philosophy having been categorically proven through the statements of children the scientific evidence as presented in this book shows reincarnation to be the truth and all religions and philosophies will have to swiftly encompass these ideas into their existing concepts to maintain any credibility we will all be talking and thinking about rebirth as a fact of life the concept of reincarnation belongs to the future and this is only the beginning trutz hardo is the most well known expert on reincarnation and regression therapy in germany he holds seminars in europe australia and the u s a he has appeared on several television programmes

painstakingly researched reviewed by top experts in the field this practical and fascinating reference is an invaluable resource for anyone seeking a deeper understanding of the mystery of alternative realities with more than 500 cross referenced entries this book is the most substantial and comprehensive encyclopedia of its kind in more than twenty five years back cover
