this book provides updated full picture analysis of the laws and practices of cross border debt finance in the prc it is featured by the first handed experiences of the author s academic research and legal practice in this field over two decades the author discusses legal and regulatory issues transaction structures and documentation in relation to two debt finance products loan and bond covering the inbound structure chinese debtors raising funds from the international market and the outbound structure chinese creditors supplying funds to the international market for cross border loans this book thoroughly illustrates the foreign debt regulatory regime in the prc and approaches the lending by chinese banks to support exports and overseas investments under the belt and road initiative bri for cross border bonds it discusses how chinese issuers by designing various transaction structures enter into the international bond market and then researches the opening up of chinese bond market to both international issuers for issuing panda bonds and investors for purchasing chinese bonds this book is used as an authoritative source for not only students and researchers but also bankers and legal practitioners who are interested in the chinese debt finance market

this book is about why and how central and local governments clash over important national policy decisions its empirical focus is on the local politics of japan which has significantly shaped and been shaped by larger developments in national politics the book argues that since the 1990s changes in the national political arena fiscal and administrative decentralization as well as broader socio economic developments have led to a decoupling of once closely integrated national and local party systems in japan such decoupling has led to a breakdown of symbiotic

relations between the centre and regions in its place are increasing strains between national and local governments leading to greater intra party conflict inter governmental conflicts and more chief executives with agendas and resources increasingly autonomous of the national ruling party although being a book primarily focused on the Japanese case the study seeks to contribute to a broader understanding of how local partisans shape national policy making the book theorizes and investigates how the degree of state centralization vertical integration for party organizations and partisan congruence in different levels of government affect inter governmental relations Japan's experience is compared with Germany Canada and the UK to explore sources of multi level policy conflict chapter 1 of this book is freely available as a downloadable open access pdf at taylorfrancis.com under a creative commons attribution non commercial no derivatives cc by nc nd 4 0 license
