the eye is the window to the body and soul this observation is the basis of dr bamer s latest book practical iridology and sclerology dr bamer s expert knowledge of the eye shows through in this easy to understand and practical refrence guide making it a must for the beginning and experienced iridologist sclerologist complete with color photo case studies outlines on all the iris and scleral signs and iridology and sclerology charts practical iridology and sclerology provides a comprehensive look at a valuable diagnostic practice

this book is written for iridologists and natural health practitioners who are seeking greater insights and effectiveness in their healing practices it is a collaboration between dr jack tips protégé of sclerology s founder a s wheelwright and author of twelve books including the art science of sclerology and dr betty sue o brian a gifted international iridology practitioners association certified iridologist who has integrated sclerology and iridology into an effective natural healing practice this book is titled causations because it is only through the causative view that the healer perceives the truth about why a person is experiencing symptoms imbalances ailments and diseases all conditions that express limitations in the body s ability to adapt to the physical emotional mental and spiritual flow of energies that comprise the human dynamic by knowing the truth a person can become free from life limiting conditions combining sclerology with iridology provides the cause of many health issues

this powerful diagnostic tool is becoming more widespread and practitioners and laypeople alike can turn to iridology in practice to further their understanding of the available information for maximum benefit beyond the technical aspects of iridology this book also presents a holistic approach to wellness of body mind and soul where the author draws on her twenty years of practical experience in complementary medicine

this introduction to the frontiers of healing deals in depth with the psychological and emotional issues that stand in the way of good health wyeth morrison discusses esoteric domains of healing including

body electronics a method of saturating the body with nutrients and releasing toxins through a process of point holding 60 illustrations 10 charts

unlike health books that cover only nutrition and lifestyle factors or books that deal with consciousness spirituality personal growth and metaphysical considerations outside the realm of the physical how we heal addresses healing in the broadest conceivable context it presents this whole range of topics in a coherent comprehensive manner that introduces the novice reader to body electronics iridology sclerology and other alternative health modalities author douglas morrison explores the physical factors sleep water exercise and detrimental influences such as amalgam dental fillings root canals fluoride electromagnetic fields vaccinations drugs that influence health and explains why it's necessary to integrate them with the hidden patterns of thought word and emotion that make healing possible through the use of analogies and practical examples the book helps readers embrace this new way of seeing their own reality diagrams and illustrations throughout help further illuminate these potentially life changing concepts

you probably know that food water sunlight and oxygen are required for life but there is a fifth element of health that is equally vital and often overlooked the earth's magnetic field and its corresponding pemfs pulsed electromagnetic fields the two main components of earth's pemfs the schumann and geomagnetic frequencies are so essential that nasa and the russian space program equip their spacecrafts with devices that replicate these frequencies these frequencies are absolutely necessary for the human body's circadian rhythms energy production and even keeping the body free from pain but there is a big problem on planet earth right now rather a twofold problem as to why we are no longer getting these life nurturing energies of the earth in this book we'll explore the current problem and how the new science of pemf therapy a branch of energy medicine based on modern quantum field theory is the solution to this problem with the many benefits listed below eliminate pain and inflammation naturally get deep rejuvenating sleep increase your energy and vitality feel younger stronger and more flexible keep your bones strong and healthy help your body with healing and regeneration improve circulation and heart health plus many more benefits

this title teaches readers how to love their guts and lose the medicine it provides a revolutionary wellbeing programme for the millions of people seeking a simple natural lifestyle change to help ease the pain of their debilitating digestive disorders

body electronics is a self healing system that utilizes nutrient saturation through diet and supplementation thomas chavez learned this discipline under its developer dr john whitman ray and in body electronics chavez expands it to cover every imaginable trauma and illness the basis for the approach is the melting of melanin protein complexes crystals in the body that develop through years of poor diet insufficient water poor bowel ecology and other factors the book addresses such topics as how to achieve appropriate levels of nutrient saturation with the right combination of enzymes and minerals how much water to drink and why it's important how eating cooked food can be a damaging addiction and how to achieve a healthy relationship with bacterial flora for intestinal health in addition to physical wellness the book addresses spiritual and psychological well being the results of body electronics have been called miraculous this book shows why

presents a four volume alphabetically arranged medical reference set that examines a variety of supplemental therapies and herbal remedies along with treatments for certain conditions and diseases

this small volume contains full descriptions of 92 types of natural healing their history the equipment used and possible treatment methods along with plenty of diagrams and illustrations

this book covers all of the major topics required by the international iridology practitioners association for basic certification in iridology it is one of several books available and while it covers

the syllabus requirements for certification it includes discussions of rayid and chakras which are not part of testing requirements it can be studied as a practice manual but also used as a textbook by any teachers wanting to prepare their students for the certification exam the book has full color pages and iris photographs
