regional organization the book has been split into two volumes with the following chapters in each volume volume one the body upper limb lower limb abdomen and pelvis and perineum and volume two thorax back head and neck and neuroanatomy set induction opening cases set inductions are mostly clinical scenarios to create interest to study anatomy student focused chapter outline the student focused chapter outlines at the beginning of each subchapter are a modern multimodal facilitating approach toward various topics to empower students to explore content and direct their learning and include learning objectives and material for review competencies learning outcomes this is set as per the nmc curriculum standard flow it provides clean uncluttered and predictable sequence of chapter content flowcharts flowcharts have been added to get an overview of the course of a structure recapitulate important details about structures and as an aid to recall large illustrations the illustrations present the reader with a visual image that brings the text to life and present views that will assist in the understanding and comprehension of the anatomy student focused instructional artwork these line arts are added for easy representation in the examinations early clinical exposure this is designed as per the new curriculum surgical implications they provide anatomical background that would assist the students in the diagnosis and treatment of surgical disorders cross sectional anatomy cross sections provide the perception of depth creating three dimensional relationships between anatomical structures clinical test the relevant clinical test s to the respective region has been added for understanding insight recent updates insight boxes are recent updates in the respective areas to create interest for the students mcq as per next examination students can assess their knowledge of basic concepts by answering these questions critical thinking critical thinking is applied through higher bloom s level questions added to the book concept mapping every chapter contains a list of terms from which students are asked to construct create a concept map clinical cases the inclusion of these cases in each chapter provides students with the opportunity to apply an understanding of anatomy to the resolution of clinical problems

read the cultural other contains studies on non western discourse it has two principal aims

firstly it argues that the study of non western non white and third world discourses should become a legitimate necessary and routine part of international discourse scholarship hitherto non western non white and third word discourses have been relegated and marginalized to a local particular or other place in or one might argue outside the mainstream to reclaim their place the book deconstructs the rhetoric of universalism and the continued preoccupation with western discourse in the profession and stresses the cultural nature of discourse both ordinary and disciplinary as it outlines a culturally pluralist vision secondly in order to take the multicultural view seriously it explores the complexity diversity and forms of otherness of non western discourse by examining the case of china and hong kong s discourses of the decolonization of the latter far too often non western discourse has been stereotyped as externally discrete internally homogeneous and formally containable within a universal general or integrated model the present work focuses on china and hong kong s discourses which have been marginalized by their western counterparts through culturally eclectic linguistic analysis and local cultural analysis it identifies and highlights the specific ways of speaking of china and hong kong their concepts concerns aspirations resistance verbal strategies etc with respect to similar or different issues the culturally pluralist view and analytical practice proffered here call for a radical cultural change in international scholarship on language communication and discourse

what media content attracts audiences across cultures and what does not what does the cross cultural audience demand depend on the author takes a new approach to understanding cultural barriers to the success of foreign media content by analyzing the entry strategies of time warner disney viacom news corporation and bertelsmann with regard to china india and japan in terms of their respective localization efforts in depth interviews with companies representatives give an insight into how they view the need for locally produced media in these countries the author develops and employs the lacuna and universal model that provides a new theoretical classification of reasons for the cross cultural success and failure of media content as well as the vertical barrier chain that locates cultural barriers in the wider context of legal political and economic barriers to

successful entry into foreign media markets

this revised asian edition is an adaptation of the widely used accounting by warren reeve and fess lecturers who have many years of experience teaching accounting have adapted it the book is tailored for use in a first year course on basic accounting principles it is written from a sole proprietorship perspective and covers the complete accounting cycle and important accounting areas like cash receivables inventories and fixed assets local accounting practices are taught in this text local businesses have also been included in the text so that students can relate to the material better the text is also written in a manner that asian students will find easy to read and understand

looking at the nature of asian firms from an evolutionary perspective this book provides managers and others interested in doing business in the dynamic asian region with an understanding of the underlying principles driving business practices of asian firms

one result of the asian economic crisis has been to shatter the belief that asian ways of management are superior to western ways now just to survive asian firms have come to rethink their entire way of managing and in his latest book richter assisted by his contributing authors gives a sharply focused analysis of how they are doing it emerging questions are how do asian firms adjust to the new economic realities and how do they develop their management style there are plenty of new opportunities in asia to play the new game but they must be grasped and productively channeled richter and his contributors conclude that in the end the asian economic crisis or catharsis may well be a blessing in disguise it provides an opportunity to completely review the way things stand in asia like entrepreneurs who built the asian economies today s firms have the opportunity to lead a revival if they can redirect their businesses this is an important resource for professionals in all multinational organizations and for academics and their upper level students of international business
