providing up to date in depth coverage of the central question and written and edited by some of the foremost practitioners in the field this timely new edition will no doubt be a go to reference for anyone with a serious interest in the philosophy of language kathrin glüer pagin stockholm university now published in two volumes the second edition of the best selling companion to the philosophy of language provides a complete survey of contemporary philosophy of language the companion has been greatly extended and now includes a monumental 17 new essays with topics chosen by the editors who curated suggestions from current contributors and almost all of the 25 original chapters have been updated to take account of recent developments in the field in addition to providing a synoptic view of the key issues figures concepts and debates each essay introduces new and original contributions to ongoing debates as well as addressing a number of new areas of interest including two dimensional semantics modality and epistemic

modals and semantic relationism the extended state of the art chapter format allows the authors all of whom are internationally eminent scholars in the field to incorporate original research to a far greater degree than competitor volumes unrivaled in scope this volume represents the best contemporary critical thinking relating to the philosophy of language

investigate the challenging and nuanced philosophy of the long nineteenth century from kant to bergson philosophy in the nineteenth century was characterized by new ways of thinking a desperate searching for new truths as science art and religion were transformed by social pressures and changing worldviews old certainties fell away leaving many with a terrifying sense of loss and a realization that our view of things needed to be profoundly rethought the blackwell companion to nineteenth century philosophy covers the developments setbacks upsets and evolutions in the varied philosophy of the nineteenth century beginning with an examination of kant s transcendental idealism instrumental in the fundamental philosophical shifts that marked the beginning of this new and radical age in the history of philosophy guiding readers chronologically and thematically through the progression of nineteenth century thinking this guide emphasizes clear explanation and analysis of the core ideas of nineteenth century philosophy in an historically transitional period it covers the most important philosophers of the era including hegel fichte schopenhauer mill kierkegaard marx nietzsche bradley and philosophers whose work manifests the transition from the nineteenth century into the modern era such as sidgwick peirce husserl frege and bergson the study of nineteenth century philosophy offers us insight into the origin and creation of the modern era in this volume readers will have access to a thorough and clear understanding of philosophy that shaped our world

winner of the 2018 choice award for outstanding academic title the work of simone de beauvoir has endured and flowered in the last two decades thanks primarily to the lasting influence of the second sex on the rise of academic discussions of gender sexuality and old age now in this new companion dedicated to her life and writings an international assembly of prominent scholars essayists and leading interpreters reflect upon the range of beauvoir s contribution to philosophy as one of the great authors thinkers and public intellectuals of the twentieth century the companion examines beauvoir s rich intellectual life from a variety of angles including literary historical and anthropological perspectives and situates her in relation to her forbears and contemporaries in the philosophical canon essays in each of four thematic sections reveal the breadth and acuity of her insight from the significance of the second sex and her work on the metaphysics of gender to her plentiful contributions in ethics and political philosophy later chapters trace the relationship between beauvoir s philosophical and literary work and open up her scholarship to global issues questions of race and the legacy of colonialism and sexism the volume concludes by considering her impact on contemporary feminist thought writ large and features pioneering work from a new generation of beauvoir scholars ambitious and unprecedented in scope a companion to simone de beauvoir is an accessible and interdisciplinary resource for students teachers and researchers across the humanities and social sciences

a groundbreaking reference work on the revolutionary philosophy and intellectual legacy of richard rorty a provocative and often controversial thinker

richard rorty and his ideas have been the subject of renewed interest to philosophers working in epistemology metaphysics analytic philosophy and the history of philosophy having called for philosophers to abandon representationalist accounts of knowledge and language rorty introduced radical and challenging concepts to modern philosophy generating divisive debate through the new form of american pragmatism which he advocated and the renunciation of traditional epistemology which he espoused however while rorty has been one of the most widely discussed figures in modern philosophy few volumes have dealt directly with the expansive reach of his thought or its implications for the fields of philosophy in which he worked the blackwell companion to rorty is a collection of essays by prominent scholars which provide close and long overdue examination of rorty s groundbreaking work divided into five parts this volume covers the major intellectual movements of rorty s career from his early work on consciousness and transcendental arguments to the lasting impacts of his major writings to his approach to pragmatism and his controversial appropriations from other philosophers and finally to his later work in culture politics and ethics offers a comprehensive balanced and insightful account of rorty s approach to philosophy provides an assessment of rorty s more controversial thoughts and his standing as an anti philosopher s philosopher contains new and original exploration of rorty s thinking from leading scholars and philosophers includes new perspectives on topics such as rorty s influence in central europe despite the relevance of rorty s work for the wider community of philosophers and for those working in fields such as international relations legal and political theory sociology and feminist studies the secondary literature surrounding rorty s work and legacy is limited a companion to rorty address this absence providing a comprehensive resource for philosophers and general readers

a definitive contribution to scholarship on adorno bringing together the foremost experts in the field as one of the leading continental philosophers of the last century and one of the pioneering members of the frankfurt school theodor w adorno is the author of numerous influential and at times quite radical works on diverse topics in aesthetics social theory moral philosophy and the history of modern philosophy all of which concern the contradictions of modern society and its relation to human suffering and the human condition having authored substantial contributions to critical theory which contain searching critiques of the culture industry and the identity thinking of modern western society adorno helped establish an interdisciplinary but philosophically rigorous study of culture and provided some of the most startling and revolutionary critiques of western society to date the blackwell companion to adorno is the largest collection of essays by adorno specialists ever gathered in a single volume part of the acclaimed blackwell companions to philosophy series this important contribution to the field explores adorno s lasting impact on many sub fields of philosophy seven sections encompassing a diverse range of topics and perspectives explore adorno s intellectual foundations his critiques of culture his views on ethics and politics and his analyses of history and domination provides new research and fresh perspectives on adorno s views and writings offers an authoritative single volume resource for adorno scholarship addresses renewed interest in adorno s significance to contemporary questions in philosophy presents over 40 essays written by international recognized experts in the field a singular advancement in adorno scholarship the companion to adorno is an indispensable resource for adorno specialists and anyone working in modern european philosophy contemporary cultural
