part myth busting scientific thriller part mouthwatering cookbook the goal of the real meal revolution is to change your life by teaching you how to take charge of your weight and your health through the way you eat a scientist a nutritionist and two chef athletes the crack squad behind the real meal revolution have walked or in some cases run the hard yards through the gauntlets of nutritional science and self experimentation the revelatory stance and the mouth watering recipes in this book is the result of their experience combined with overwhelming scientific evidence

scientists labelled fat the enemy they were wrong time magazine we ve been told for years that eating fat is bad for us that it is a primary cause of high blood pressure heart disease and obesity the real meal revolution debunks this lie and shows us the way back to restored health through eating what human beings are meant to eat this book will radically transform your life by showing you clearly and easily how to take control of not just your weight but your overall health too through what you eat and you can eat meat seafood eggs cheese butter nuts often the first things to be prohibited or severely restricted on most diets this is banting or low carb high fat lchf eating for a new generation solidly underpinned by years of scientific research and by now incontrovertible evidence this extraordinary book already a phenomenal bestseller overturns the conventional dietary wisdom of recent decades that placed carbohydrates at the base of the supposedly healthy eating pyramid and that has led directly to a worldwide epidemic of obesity and diabetes both a startling revelation and as old as humanity itself it offers a truly revolutionary approach to healthy eating that explodes the myth among others that cholesterol is bad for us this is emphatically not just another unsustainable quick fix diet or a fad waiting to be forgotten but a long delayed return to the way human beings are supposed to eat

chosen by origym centre of excellence as one of their best books for personal trainers the real meal revolution low carb cooking is the go to resource for anyone who wants to cook better low carb foods right now and for many years to come it is a book that will teach you the fundamentals behind making any dish delicious by honing in on classic flavour combinations basic cooking techniques and affordable readily accessible ingredients low carb eating is currently on trend but this is not a book that follows the eating trends of right now it is a book packed with lessons to last a lifetime and every single recipe is low carb this timeless and comprehensive guide to cooking well and eating healthily showcases classic flavour combinations foolproof methods to bring out the best in any ingredients foods that will help to ensure good health for life this book comprises 300 low carb recipes 20 40 cooking lessons over 120 colour photographs brief and to the point dietary advice

in december 2010 professor tim noakes was introduced to a way of eating that was contrary to everything he had been taught and was accepted as conventional nutrition wisdom having observed the benefits of the low carb high fat lifestyle first hand and after thorough and intensive research noakes enthusiastically revealed his findings to the south african public in 2012 the backlash from his colleagues in the medical establishment was as swift as it was brutal and culminated in a misconduct inquiry launched by the health professions council of south africa the subsequent hearing lasted well over a year but noakes ultimately triumphed being found not guilty of unprofessional conduct in april 2017 in lore of nutrition he explains the science behind the low carb high fat banting diet and why he champions this lifestyle despite the constant persecution and efforts to silence him he also discusses at length what he has come to see as a medical and scientific code of silence that discourages anyone in the profession from speaking out against the current dietary guidelines leading food health and medical journalist marika sboros who attended every day of the hpcsa hearing provides the fascinating backstory to the inquiry which often reads like a spy novel lore of nutrition is an eye opener and a must read for anyone who cares about their health

there is so much dietary advice out there much of it conflicting that it can be difficult for busy parents to make sense of it all

medical doctor and sports scientist professor tim noakes chef and long distance swimmer jonno proudfoot and dietitian bridget surtees a specialist in paediatric nutrition cut through the clamour to provide clear proven guidelines and simple delicious recipes to feed your family well inexpensively and without fuss following their phenomenal record breaking success with the real meal revolution the real meal team set out to rethink the way we feed our children the result superfood for superchildren challenges many ingrained dietary beliefs and advocates a real food diet for children from toddlers to teens that is low in sugar and refined carbohydrates their advice is solidly underpinned by a critical scientific interrogation of the the children s food industry by combining the latest peer reviewed scientific evidence with straightforward mouthwatering recipes most of them for the whole family superfood for superchildren shows clearly how to provide your children with the best possible nutrition to help them to grow up healthy and happy
