within the so called seduction community the ability to meet and attract women is understood as a skill which heterosexual men can cultivate through practical training and personal development though it has been an object of media speculation and frequent sensationalism for over a decade this cultural formation remains poorly understood in the first book length study of the industry rachel o neill takes us into the world of seduction seminars training events instructional guidebooks and video tutorials pushing past established understandings of pickup artists as pathetic pathological or perverse she examines what makes seduction so compelling for those drawn

to participate in this sphere seduction vividly portrays how the twin rationalities of neoliberalism and postfeminism are reorganising contemporary intimate life as labour intensive and profit orientated modes of sociality consume other forms of being and relating it is essential reading for students and scholars of gender sexuality sociology and cultural studies as well as anyone who wants to understand the seduction industry s overarching logics and internal workings

of men particularly older men trying to address this area of their life i can say that the account of his journey is authentic as i m of a similar age and got into daygame about the same time the book is professionally written which is a rarity in this genre and is equally valid as an entertaining story or a valuable reference piece by w a feb 28 2018i loved this book one of the few books on pickup i ve ever read cover to cover regardless of whether you re into pickup or not pua this is an engaging come from behind hero tale told autobiographically mr forrest s humanity comes through in a very self effacing way as he struggles with the ups and downs of learning game later in his life his maturity and self doubt on the subject stand in sharp relief to the swagger of many puas whose youth and brashness consume most of the oxygen on this subject it s a bit interesting that mr forrest espoused filmmaking interests in this book because it actually has all of the essential storytelling elements of the classic hero s journey outlined by joseph campbell christopher vogler would make an interesting movie imo one of the inherent dangers of books on this subject of seducing women is that a thorough read potentially lulls its male followers into becoming bloviating keyboard theorists not men of action as notions delude us into thinking that knowledge somehow supplants or equates to experience the reason that i strongly gravitate to the work of authors yt ers like alex forrest and his impish gamesome compadre tom torero is that they have a way of inspiring me to confront my fears and approach women in my daily life and for those gents in their 40 s or maybe more with natural fears about aging and the what if s of it all this book addresses this older niche that has heretofore been all but ignored bravo mr forrest bravo by dean craddock nov 7 2017this is a great high quality read detailing alex s journey into the world of pick up through daygame
