this book is a study of the basque variety spoken in lekeitio vizcaya as such we have intended to

make a direct contribution to basque dialectology aiming at setting certain standards for research in this area in addition we believe that some of the materials assembled in this work will be of interest to a larger audience beyond basque specialists it is for this reason that we decided to write the present book in english in our opinion certain linguistic aspects are treated in more detail here than in any previous work on any other basque variety a case in point would be accentuation both at the lexical level and in its relation to the syntactic process of focalization
