this book examines the past present and prospects of regional economic integration in africa the empirical analysis ranges from unions formed during the years following independence to the proposed african continental free trade area afcfta which aims to remove trade barriers between all 55 african states in addition the book explores to what extent africa's regional economic communities recs have advanced in accordance with a linear integration model of goods labor and capital markets the book subsequently evaluates the suitability of the european model of deep integration with costly institutions for the conditions specific to africa considering for example the role of informal and non recorded trade stylized cases of regional division of labour with increasing returns and imperfect competition are introduced to support the economic integration logic past and current economic policies in africa are scrutinized to answer the question how can african regions best foster new manufacturing industries and value chains across the continent in conclusion the book outlines content and processes of common industrial policy in the african regions the book also addresses the controversial issue of international trade agreements between developing countries and the european union or the usa and investigates whether these agreements impede or promote economic development in africa the book includes a detailed roadmap describing how to improve key clauses of agreements for economic partnership in the interest of african countries in closing it outlines a new vision of joint sustainable development for africa and europe

this important two volume set unapologetically documents how capitalism results in the oppression of animals ranging from fish and chickens to dogs elephants and kangaroos as well as in environmental destruction vital resource depletion and climate change most traditional narratives portray humanity's use of other animals as natural and necessary for human social development and present the idea that capitalism is generally a positive force in the world but is this worldview accurate or just a convenient easy to accept way to ignore what is really happening a systematic oppression of animals that simultaneously results in environmental destruction

and places insurmountable obstacles in the path to a sustainable and peaceful future. David Nibert's 'Animal Oppression and Capitalism' is a timely two volume set that calls into question the capitalist system at a point in human history when inequality and the imbalance in the distribution of wealth are growing domestically and internationally. Expert contributors show why the oppression of animals – particularly the use of other animals as food – is increasingly being linked to unfavorable climate change and the depletion of fresh water and other vital resources. Readers will also learn about the tragic connections between the production of animal products and global hunger and expanded regional violence and warfare, and they will understand how many common human health problems including heart attacks, strokes and various forms of cancer develop as a result of consuming animal products.

unsere Beziehung zu den anderen Tieren gewinnt nicht bloß mehr und mehr an gesellschaftlicher Bedeutung. Sie ist auch für die Wissenschaften wieder zum Thema geworden. Mit diesem Band widmet sich zum ersten Mal ein Lexikon umfassend den Mensch-Tier-Beziehungen im Gegensatz zu traditionellen Einführungen in die Tierethik. Beschränkt sich das groß angelegte Werk aber nicht auf moralphilosophische Themen sondern beleuchtet die Mensch-Tier-Beziehungen u.a. auch aus historischer, soziologischer, ethologischer und kulturwissenschaftlicher Perspektive.

værk udgivet af militärgeschichtliches forschungsamt mgfa. Værket skal udkomme i 10 bind og omfatte det tredje rige og den tyske deltagelse i 2. verdenskrig fra begyndelsen og indtil sammenbruddet i 1945.

Der globale Wandel einhergehend mit Ökonomisierung, Migration, Mediatisierung und sozialer Spaltung stellt uns vor gesamtgesellschaftliche Herausforderungen. Er konfrontiert uns mit der zentralen Frage, wie wir unser Zusammenleben künftig gestalten wollen. Auch die kulturelle Bildung steht in enger Wechselbeziehung zu den aktuellen gesellschaftlichen Entwicklungen. Sie bildete sich in den 1970er Jahren im kritischen Diskurs zur bisherigen Kulturpädagogischen Praxis mit einem eigenen pädagogischen Wertekanon. Ist dieser Wertekanon heute noch relevant? Das Buch reflektiert in diesem Sinne kritisch bisherige Positionierungen im Zuge des gesellschaftlichen Wandels und wirft die Frage nach einer Neupositionierung der kulturellen Bildung auf.
