an anthropological study of a major national political party one which dominated israeli politics for nearly five decades and was returned to office in summer 1992 the analysis focuses on the relationship between culture and politics to explain the crucial role the labour party has played

natural sciences and the social sciences contains a series of explorations of the different ways in which the social sciences have interacted with the natural sciences usually such interactions are considered to go only one way from the natural to the social sciences but there are several important essays in this volume which show how developments in the social sciences have affected the natural sciences even the hard science of physics other essays deal with various types of interaction since the scientific revolution in his general introductory chapter cohen sets some general themes concerning analogies and homologies and the use of metaphors drawing specific examples from the use of concepts of physics by marginalist economists and of developments in the life sciences by organismic sociologists the remaining chapters which explore the different ways in which the social sciences and the natural sciences have actually interacted are written by leaders in the field of history of science drawn from a wide range of countries and

disciplines the book will be of great interest to all historians of science philosophers interested in questions of methodology economists and sociologists and all social scientists concerned with the history of their subject and its foundations

bush versus kerry analyzes the 2004 presidential campaign using the functional theory of political campaign communication after an introduction and explication of political campaign communication theory chapters investigate the content of candidate messages for example television spots debates webpages and acceptance addresses and media coverage of the campaign

one of the fruits of the scientific revolution was the idea of a social science that would operate in ways comparable to the newly triumphant natural sciences this text offers a historical perspective on the interactions between the social and natural sciences

this collection of hundreds of colorful stickers will be a hit with every deddy bear fan more than just misfit teddy bears rejected from the factory the deddy bears are adoringly cute undead characters who embody love acceptance and respect in a world where everyone has a place no matter their appearance deddy bears stickers is a collection of hundreds of deddy bear stickers that fans can use to decorate notebooks cards water bottles and anything else that needs a touch of cuddly undead magic including some stickers that glow in the dark with stickers featuring characters such as howler vambear doodlebear and more fans of the franchise will find no end to the enjoyment that comes from showing off their fondness of these unique teddy bears they re dead cute
