heavy metal has developed from a british fringe genre of rock music in the late 1960s to a global mass market consumer good in the early twenty first century early proponents of the musical style such as black sabbath deep purple judas priest saxon uriah heep and iron maiden were mostly seeking to reach a young male audience songs were often filled with violent sexist and nationalistic themes but were also speaking to the growing sense of deterioration in social and professional life at the same time however heavy metal was seriously indebted to the legacies of blues and classical music as well as to larger literary and cultural themes the genre also produced mythological concept albums and rewritings of classical poems in other words heavy metal tried from the beginning to locate itself in a liminal space between pedestrian mass culture and a rather elitist adherence to complexity and musical craftsmanship speaking from a subaltern position against the hegemonic discourse this collection of essays provides a comprehensive and multi disciplinary look at british heavy metal from its beginning through the new wave of british heavy metal up to the increasing internationalization and widespread acceptance in the late 1980s the individual chapter authors approach british heavy metal from a textual perspective providing critical analyses of the politics and ideology behind the lyrics images and performances rather than focus on individual bands or songs the essays collected here argue with the larger system of heavy metal music in mind providing comprehensive analyses that relate directly to the larger context of british life and culture the wide range of approaches should provide readers from various disciplines with new and original ideas about the study of this phenomenon of popular culture

the first complete authoritative guide to this controversial genre a book sure to

be the prime source of information for all fans of hard rock and heavy metal it offers a remarkably wide range of facts and lore with nearly 1500 entries on hard rock and heavy metal groups throughout the world

let's face it without the larger than life character and imagination of the art that complements it metal just wouldn't have had the same impact from the colorful outlandish yet sophisticated use of visuals for album artwork and posters to the immediately recognizable logos of such bands as black sabbath iron maiden judas priest motörhead metallica slayer and a host of others across many subgenres there's a close knit relationship between the riffs that thunder from the guitar and the images that have come to represent the songs anthems and sheer nature of the beast does any other form of music immediately conjure up such evocative and distinctive images as the mere mention of the term heavy metal does the answer is simple no from its inception in the 1960s through to today's giants the art has been closely connected to the music every classic album brings to mind a readily identifiable album cover each great band has an immediately identifiable logo all of the landmark gigs have a poster that quintessentially depicts the time place and passion of the event it's all developed so far along the road that today the art that has been used to illustrate the music now stands on its own there are exhibitions of the finest examples created by the truly outstanding artists these works are collectible in their own right what might have begun as a way of packaging metal has taken on a life of its own moreover it's even possible to trace the way the genre itself has evolved and changed by looking at its art this book explores the ways in which the art has helped define each of the crucial subgenres that make up the multifaceted and colorful centipede that is metal
