this report contains detailed profiles of twelve of the world's leading platform companies and derives insights from those profiles about what platforms actually do how they do it and why they succeed financially

in from online platforms to digital monopolies technology information and power jonas c l valente discusses the rise of platforms as key players in different social activities from economy to culture and politics these companies have a daily presence in the lives of the majority of the world population from social interactions to digital payments and transactions they are gaining a central role in neoliberal capitalism shaping contemporary sociability the book shows how these platforms work and identifies the hidden interests behind the commercial strategies that guide the development of services offered to internet users it takes the specific cases of google and facebook and presents its historical development illustrating how these companies turned into major players in our times

exploring the issue of islamophobic attacks against sikhs since 9 11 this book explains the historical religious and legal foundations and frameworks for understanding race hate crime against the sikh community in the uk focusing on the backlash that sikhs in the uk have faced since 9 11 the authors provide a theological and historical backdrop to sikh identity in the global context critically analysing the occurrences of islamophobia since 9 11 7 7 and most recently post brexit and how british sikhs and the british government have responded and reacted to these incidents the experiences of american sikhs are also explored and the impact of anti sikh sentiment upon both these communities is considered drawing on media reporting government policies the emerging body of inter disciplinary scholarship and empirical research this book contributes to the currently limited body of literature on anti sikh hate crime and produces ideas for policy makers on how to rectify the situation providing a better understanding of perceptions of anti sikh sentiment and its impact this book will of interest to scholars and upper level students working on identity and hate crime and more generally in the fields of religion and politics cultural studies media studies and international studies

this book collates the key security and privacy concerns faced by individuals and organizations who use various social networking sites this includes activities such as connecting with friends colleagues and family sharing and posting information managing audio video and photos and all other aspects of using social media sites both professionally and personally in the setting of the internet of things iot that can connect millions of devices at any one time the security of such actions is paramount securing social networks in cyberspace discusses user privacy and trust location privacy protecting children managing multimedia content cyberbullying and much more current state of the art defense mechanisms that can bring long term solutions to tackling these threats are considered in the book this book can be used as a reference for an easy understanding of complex cybersecurity issues in social networking platforms and services it is beneficial for academicians and graduate level researchers general readers may find it beneficial in protecting their social media related profiles

master s thesis from the year 2022 in the subject business economics offline marketing and online marketing grade a course master of commerce language english abstract this study tries to determine reasons for the shift of urban indian youth shopping orientation from physical stores to online stores and the impact of various factors on customer satisfaction and loyalty it also compares factors affecting online consumer buying behaviour of differently oriented shoppers and is supposed to identify the usage of mobile shopping application and its attractiveness amongst urban indian youth e tailing in india is growing at a rapid pace and need of study arises for the e tailers to provide better improved service quality to the customers as it is a newer concept customers are still unaware as to what their expectations are what more they can expect from the e tailer still depends on the orientation of the shopper e tailing industry in india has witnessed many changes in a short span of time along with many opportunities as well as challenges

seminar paper from the year 2017 in the subject communications media and politics politic communications grade 1 33 german police university course modul 1 verwaltungswissenschaften mit schwerpunkt politik und gesellschaft language english abstract this scientific essay aims to demonstrate that using mass media by international terrorist organizations is not a new phenomenon of the 21st century in fact the use of media as a weapon by terrorists is nothing new at all the essay shows the most important terms in this context and

explains the communication strategies of modern terror there are parallels drawn between the actions of the rote armee fraktion in the past and the islamic state in the present finally the author suggests that further empirical studies on the effectiveness of the use of mass media by terrorists would be a sensible continuation

the canadian almanac directory is the most complete source of canadian information available cultural professional and financial institutions legislative governmental judicial and educational organizations canada s authoritative sourcebook for almost 160 years the canadian almanac directory gives you access to almost 100 000 names and addresses of contacts throughout the network of canadian institutions

master s thesis from the year 2018 in the subject communications media and politics politic communications language english abstract the research question of this master thesis is how the content of political ads on youtube and on tv differs with regards to their negativity in the past few election cycles presidential campaigns have begun to integrate youtube into existing messaging strategies which traditionally used to rely heavily on television advertising the goal is to determine whether campaign messages on youtube should be considered as a complement to traditional means of communication or a surrogate for them in particular the differing channels are analyzed concerning their content and tone thus it should be determined whether the tone of youtube messages occupy a unique place in modern campaigns distinct from that of television ads understanding how politicians use youtube as compared to older forms of communication is crucial in order to comprehend the full campaign repertoire used by candidates and the possible differences in the types of messages i e more positive or negative to which citizens are exposed in terms of advertising the 2016 presidential election stands out specifically through the fact that advertising spending for television did not exceed spending in 2012 the trend during the last few election cycles has consistently indicated spending to far outpace the prior cycle in terms of dollars spent by the major party candidates clinton s final total was far less than obama s budget in the past two elections her spending was almost cut in half when compared to obama s 404 million u s dollar budget in 2012 when comparing the two campaigns the clinton campaign vastly outspent the trump campaign in terms of tv ad buys although the trump campaign made up ground in the final weeks of the campaign it did not nearly reach the level of the clinton budget in

terms of overall spending by the 2nd november 2016 clinton had already spent 211 4 million us dollar on tv ads while trump had spent only 74 million us dollar about of third of clinton s budget

der dritte band der cife policy papers beschäftigt sich innerhalb der eu u a mit dem brexit und der entwicklung moderner demokratien in europa ein besonderer aspekt liegt auf dem beschleunigten wandel im internationalen system den beziehungen europas zu den usa der turkei und zu china

a comprehensive crash course for mastering today s most important marketing platform online marketing has evolved far beyond just websites and banner ads your business s credibility now rests on the ability not to just embrace digital platforms but to coordinate a broad spectrum of media in every campaign manager s guide to online marketing explains how to do this and more by planning and executing effective cross channel digital outreach using the latest most sophisticated tools and strategies it provides in depth coverage of essential online marketing tools and techniques including content marketing and blogging social media marketing analytics search engine optimization seo e mail marketing online public relations briefcase books written specifically for today s busy manager feature eye catching icons checklists and sidebars to guide managers step by step through everyday workplace situations look for these innovative design features to help you navigate through each page clear definitions of key terms and concepts tactics and and strategies for effective online marketing tips for executing the tactics in the book practical advice for preventing errors caution signs to avoid common and uncommon mistakes examples of successful online marketing tactics specific planning procedures tactics and hands on techniques

scientific essay from the year 2018 in the subject computer science it security grade 2 5 language english abstract cyberbullying cyber extortion cyber trafficking and cyber theft are some examples of rising cybercrimes across the globe although titan rain epsilon estonian cyber war and sony are few of the biggest cybercrimes in history but here i have discussed cybercrime related to kids and teens in 1983 a nineteen year old ucla student used his pc to break into a defence department international communications system in august 2010 the international investigation operation delego operating under the aegis of the department of homeland security shut down the international pedophile ring dreamboard the website had approximately 600 members and may have distributed up to 123 terabytes of child

pornography roughly equivalent to 16 000 dvds to date this is the single largest u s prosecution of an international child pornography ring 52 arrests were made worldwide the above two are examples of rising cybercrimes against and committed by kids and teens here i have discussed cybercrime cases in usa china brazil and india with reference to kids and teens the countries have been chosen as per cybercrime 2016 statistics on twenty countries 26 also the impact of cybercrimes on these young minds have been disclosed the need to educate kids and teens on cyber ethics and impact of cybercrimes has been stated also how to do the same has also been specified here a five step wise model has been suggested to be followed while educating and building cyber ethics among kids and teens other reads by the author the trial of hope amazon an alien land kobo 2 moms kobo unfolding disaster kobo walk to school kobo 51 points in raising awesome kids kobo organic it infrastructure planning and implementation amazon grin books positive employee recruitment and retention vital for organizations digital india mission implications on social inclusion and digital citizenship cloud computing ddos blockchain regulation and compliance organic elearning oe learning the way of prime minister narendra modi s leadership feasibility study between continuous adaptive risk and trust assessment and organic networks i am my supervisor s slave supervisor subordinate relationship is vital for organizational efficiency brands and their shockvertisement strategies the future of blockchain in banking social media marketing author s quandary decoded amazon

master s thesis from the year 2020 in the subject business economics review of business studies grade 1 0 technical university of berlin language english abstract the aim of this paper is to complement existing research on dynamic ecosystem strategies in the context of platforms two research questions will be answered 1 how do competitive strategies of rival platform based ecosystems evolve over time 2 how can competitive strategies of rival platform based ecosystems be characterized a longitudinal multiple case study has been conducted this multiple case study is pursuing an inductive theory building approach as there is limited theoretical foundation on strategies in platform based ecosystems five online food delivery ecosystems in the german market are analyzed the business ecosystem perspective provides a holistic view on the interdependence across organizations yet existing literature reveals little theoretical foundation with respect to ecosystem strategies in the context of platforms prior research includes a static view on ecosystem strategies leading to characterizations such as the component or system strategy recently a newly presented strategy the bottleneck strategy provides a

dynamic view on ecosystem strategies unfortunately much literature exclusively study cooperation and competition between ecosystem partners however neglects to explain how and why cooperation and competition between rival ecosystems generally occurs
