organized by cultural and geographic areas to show how ideological social organization and material features fit together in specific sociocultural systems. John H. Bodley explicitly seeks a balance between ecological materialist and cultural ideological explanations of sociocultural systems while stressing the importance of individual power seeking and human agency. Part one examines domestic scale autonomous tribal cultures; part two presents politically organized class based civilizations and ancient empires in the imperial world; part three surveys global industrial market based civilizations in the contemporary commercial world. Cultural anthropology uniquely challenges students to consider the big questions about the nature of cultural systems.

a thought provoking stimulating volume on the past present and future of cultural materialism that is both laudatory of Harris' research strategy and critical of it. Paul Shankman, University of Colorado, one of the most important anthropologists of all time, Marvin Harris was influential worldwide as the founder of cultural materialism. This book accessibly analyzes Harris' theories and their important legacies today. The chapters explore cultural materialism's epistemology and its relation to rational choice theory, Darwinian social science and population pressures. The authors assess recent attempts to extend and reformulate cultural materialism and highlight cross-cultural archaeological and ethnographic applications of cultural materialism today.

assesses current theories and approaches in anthropology and envisages future directions of the discipline. Contributors include Clifford Geertz, Roy Rappaport and Eric Wolf. Contemporary theory is emphasized in the text.

The *Handbook of Methods in Cultural Anthropology*, now in its second edition, maintains a strong benchmark for understanding the scope of contemporary anthropological field methods, avoiding divisive debates over science and humanism. The contributors draw upon both traditions to explore fieldwork in practice. The second edition also reflects major developments of the past decade, including the rising prominence of mixed methods, the emergence of new technologies and evolving views on ethnographic writing. Spanning the chain of research from designing a project through methods of data collection and interpretive analysis, the handbook features new chapters on ethnography of online communities, social survey research and network and geospatial analysis. Considered discussion of ethics, epistemology and the presentation of research results to diverse audiences round out the volume. The result is an essential guide for all scholars, professionals and advanced students who employ fieldwork.

This Instructor's Manual is designed to accompany *Cultural Anthropology*, Fifth Edition, by William A. Haviland. Its objective is to provide instructors an extensive resource base to draw from in order to make the text more useful to them and to make the course more satisfying to the student. page v

In this concise introduction to cultural anthropology, now in its 4th edition, Lassiter takes a fresh and accessible approach to stimulating student interest in the human experience. He uses timely and engaging examples to showcase the ongoing relevance of anthropology today. He also explores how the anthropological perspective can be applied to real world problems on the local, regional and global scale. The 4th edition features updates and clarifications throughout the text, including expanded discussion of evolution, language, fieldwork, gender, identities and belief systems. New "Anthropology Here and Now" sidebars encourage readers to delve deeper into particular subjects and to connect with current and ongoing conversations among working anthropologists. Taken as a whole, the book serves as an ideal text for introductory undergraduate courses.

This book gives readers an understanding and appreciation of different cultures and provides them with the practical skills for improving their communication with people from other cultures. It provides excellent motivation for students through numerous compelling examples that force them to examine their own assumptions and cultural biases.

How we communicate, appreciate beauty, relate to the environment, even how we date are reflections of our culture, cultures, and therefore ways of life, vary tremendously throughout the world. Through this comprehensive introduction to the field of anthropology, you will come to share the author's appreciation for the cultural diversity that existed in the past and continues today, despite the effects of global communication. Interesting narrative examples and excerpts from traditional ethnographies vividly illustrate many major concepts in each chapter. p 4 of cover

Lassiter's accessible introduction to anthropology encourages students to evaluate its relevance in our increasingly complex world. Part I focuses on the underlying assumptions and concepts that have driven anthropological theory and practice since its modern inception. Part II explores cross-cultural human issues, showing how anthropological studies offer relevant insight into human beings and valuable models for thinking and acting. Invitation to Anthropology is an ideal text for undergraduate students, easily supplemented with case studies in anthropology. Visit Luke Eric Lassiter's web page.
