faced with a full blown crisis a growing number of journalists are engaging in seemingly unjournalistic practices such as creating and maintaining databases handling algorithms or designing online applications data journalists claim that these approaches help the profession demonstrate greater objectivity and fulfill its democratic mission in their view computational methods enable journalists to better inform their readers more closely monitor those in power and offer deeper analysis in computing the news sylvain parasie examines how data journalists and news organizations have navigated the tensions between traditional journalistic values and new technologies he traces the history of journalistic hopes for computing technology and contextualizes the surge of data journalism in the twenty first century by importing computational techniques and ways of knowing new to journalism news organizations have come to depend on a broader array of human and nonhuman actors parasie draws on extensive fieldwork in the united states and france including interviews with journalists and data scientists as well as a behind the scenes look

at several acclaimed projects in both countries ultimately he argues fulfilling the promise of data journalism requires the renewal of journalistic standards and ethics offering an in depth analysis of how computing has become part of the daily practices of journalists this book proposes ways for journalism to evolve in order to serve democratic societies

in post colonial countries such as guyana the legacy of colonialism and its influence on policing and society is of crucial significance in developing an explanation for police violence and police caused homicide mars applies a contextual approach grounded in the conflict theoretical perspective to explain and understand variations in police violence over time and she extends her study to include the social political and legal structure in which such actions are embedded her findings support the notion that police violence is a function of decades of coercive state rule under british colonialism as well as the state s legitimization of violence in police work in this first study on police violence and homicide in guyana mars presents and analyzes data covering a 14 year period she also provides comparative and descriptive information on the use of excessive and deadly force by the police and in addition discusses laws relating to such incidents mars finds little support for the community violence hypothesis in reference to guyana and concludes instead that the level of violence in the community and the everyday dangers of police work does not significantly influence the rates of police caused homicide in that country
