from the author of the pimp game instructional guide comes book 2 advanced lessons in psychological mastery techniques of the secret

societies which dissect and explain how few minds control so many what makes one submit to the will of another

i am here to sell it so you better inhale it and breathe new life into the game the game is to be sold not told now sit back and watch the drama unfold as i unload the untold story of the pimping game this is not for the lames this is dedicated to the chosen ones chasing fame and trying to make a name in this marvelous thing we call the game in order to master the game one must obtain the education required to inspire a woman to sell her goods and services for a fee instead of giving it up for free study the game and practice its principles it may sound simple but there is an art to pimping and pandering you must have style and grace not only talk the talk but walk the walk as a positive individual making progress you must be that player in the management position in order to put that money in your pocket if you follow the rules and apply them correctly you will become the ultimate pipeline of integrity with a management plan in hand as a person into managing prostitutes and if you elevate in this game you can achieve boss player status by professionally instructing many prostitutes with your goal of becoming a project for improvement in management practices you will be converted into a primary intimacy management partner

take another journey with me into the dark underworld and mentality of the unique and relationship between a pimp and his prized possession some of us refer to as a prostitute escort or whore these women are much like any other women seeking much needed male attention and approval they are just like the fairy tale princesses that we grew up reading about in children's books seeking their prince charming and their happily ever after they are chasing the american dream just like the rest of us only to find that their dreams have become a daily nightmare of use and abuse the men they love turn them out and manipulate their every move as they chase a dream of love and happiness in a never ending cycle of sex money and violence in the mean streets of america welcome to their world and what becomes their reality chasing a dream

i seriously thought that i was retired from writing about the pimping game but i decided to write one more book dedicated to this all american sport in this era of me too human trafficking and political correctness some people in the square world fail to recognize that some females have actually made a conscious decision to become involved with the world of pimping and prostitution i am not saying that a lot of these females are not victims but i am saying that some of them jump into this game by choice and not force just look at the era that we live in right now where a lot of these young women are choosing to become escorts porn stars and strippers modern women have more options than they ever had in history yet this is still a natural phenomenon that is being glamorized a certain percentage of women

have made the conscious choice to become sex workers instead of pursuing going to college a career motherhood or marriage this is just a natural fact this may be due to their upbringing and nurturing in single parent homes without fathers they may have grew up in the foster care system they might even have been sexually molested by their own father or a close family member or friend the possibilities are endless some people tend to blame other factors in our society including the graphic lyrics in popular music movies and video games most of their female role models use their sexuality to sell their products to their vulnerable teenage female customers it s definitely a sign of the times and this is definitely not going to change anytime soon

the game is all i know the game is what i live for i have dedicated my entire existence to the game because of my actions hard work and dedication the game has rewarded me with success it didn t start off that way i had to study the game and watch every movement of the players and i entered into it with some knowledge but very little experience it took years to develop my craft and the art of manipulating women with my sharp mind and my silver tongue i began to understand the game on a higher level the players in this game are very cunning and many of them are praying and plotting on my downfall they want to take over my position as a boss player they want to be just like me but i am original they couldn t dress like me if they had the same exact wardrobe they couldn t spit my wisdom if i they were blessed with my mouth and brain they couldn t copy my style if i gave them the exact blueprint there is only one man that can fit into my expensive shoes i have been created by the game itself i was born and bred to be this pimp many moons ago i was destined to sit on my throne now i must play my position and be the best version of myself that i can possibly be i was blessed into this game and have fully committed to this lifestyle people may come and go but i am married to this game for life

welcome to the world of pimping and pandering be the best pimp you can be there is so much knowledge and understanding of the world in the pimping game first and foremost you must understand the true history of pimping in these united states of america it was created out of sheer necessity the white wealthy european men in american society couldn t resist the temptation and lure of exotic dark skinned women this sexual fantasy is not foreign or centralized to america but continues to expand and thrive throughout the earth worldwide all over the globe north and south of the equator what did you want to be when you grew up all i wanted to do was be a pimp we all have dreams and mine was to become the best pimp i could be i grew up in the streets and looked forward to being just like the stylish well spoken silver tongued hustlers with money power and respect that i looked up to living in the ghetto children grow up admiring street super heroes like pimps and drug dealers options are very limited when you come from poverty if you don t have god given talent athletically or musically you have to accept more realistic aspirations especially if you have little or no education the streets become

ground central for breeding and educating hustlers the art of pimping is slowly dying off and adapting progressively in reverse into something primitive and unrecognizable young men in this millennium generation all calling themselves pimps when in all reality they are living off women in public housing who have little or no income on government assistance in my opinion this is not real pimping it is a means of survival by mostly weak men with no talent or ability to make it on their own when they end one of these types of relationships these little mama s boy go back to being in a romantic incestuous nest these infantile adult toddlers are used to being spoiled and breast fed and require their lovers to do everything their mothers do for them they need to be mothered in their romantic relations and continue to compare their lovers to their mothers until their girl gets tired of being compared to their weak man s mother and send them garbage bag in hand back to the loving maternal arms of their mom who will allow them to enter back into their accepting wombs these loving and caring women coddle them and protect them from hurt harm and danger and comfort them like a familiar lover it took a lot of time and dedication but i have my phd in pimping from players university this game is real and so are its players so enter into it cautiously with inspiration preparation and full dedication
