some educators may view diagrams pictures and charts as nice add on tools for students who are visual thinkers but steve moline sees visual literacy as fundamental to learning and to what it means to be human in moline s view we are all bilingual our second language which we do not speak but which we read and write every day is visual from reading maps to decoding icons to using concept webs visual literacy is critical to success in today s world the first edition of i see what you

mean published in 1995 was one of the first books for teachers to outline practical strategies for improving students visual literacy in this new and substantially revised edition steve continues his pioneering role by including dozens of new examples of a wide range of visual texts from time maps and exploded diagrams to digital tools like smartphone apps and tactile texts in addition to the new chapters and nearly 200 illustrations steve has reorganized the book in a useful teaching sequence moving from simple to complex texts in one research strategy called recomposing steve shows how to summarize paragraphs of information not as a heap of interesting facts but as a diagram the diagram can then work as a framework for students to follow when writing an essay this overcomes the teacher s problem of cut and paste essays and by following their own diagram summary students have an answer to their familiar questions where do i start what do i write next

this book is the product of fifteen years of research but especially the last two years the author sets out to defend the biblical cosmology of the flat earth against the jesuit heliocentric psyop designed to destroy the white anglo saxon protestant peoples but also all traditional ways of life pursuant to the jesuit counter reformation and the three age prophecy of joachim of fiora this work was necessary due to the crooked present leaders of the flat earth movement who are trying to co opt the flat earth to push pagan new age and anti jewish sentiments designed to mask the true rulers of the new world order the society of jesus the military order of loyola and to further their internationalist globalist agenda the only thing i would add to this book is the recent developments of the flat earth explanation of sunset being the product of atmospheric refraction lensing dr zack and rob skiba deserve credit for this
