if you want to examine what life before during and after awakening is what enlightenment is beyond ancient mythological or a dogmatic understandings read on if you are compelled to examine with me what it means to be human and divine not in some philosophical sense but in the context of a down to earth awakened practicality join me in this what follows are a collection of reflections teachings writings and personal experiences written over the period of many years that weave together what this radical shift called awakening is even though awakening is quite an impersonal shift impersonal in the sense that it is beyond ego or a personal sense of self i wanted to share a perspective of what awakening truly is from the perspective of our humanity many books are written from monasteries or ashrams or by individuals who seem to have life completely worked out in some perfected spiritual sense but for me this is not the case life is ever unfolding ever changing and the divine expression of our humanity is never fully worked out i write with humility from this ever unfolding place where our lives are continually evolving and sometimes this place is messy painful and full of despair yet this is our evolving edge some teachers do not like to discuss their humanity and instead teach only from the transcendent realms yet we are human and often there is a bias against being human in the spiritual world because the human world is messy and where we get into so much trouble but there is nothing wrong with being human it is actually a tremendous gift the fact that we are amazingly alive shows we are divine what else could animate our body and minds if it were not the divine how could being human ever be a problem it is only our egoic minds that have a problem with who we are yet if we want to be fully free we must be willing to love and embrace all of life even our very own egoic nature which paradoxically is the divine as well no aspect of life is outside of divinity many books are written from a perspective of impersonal enlightenment i wanted to share both the impersonal and personal because that is what it is like to be human whether we are a buddha or someone lost in pain and suffering we all have some degree of a personal egoic nature it is important to include both our humanity and our divinity we have denied one or the other for ages but both are god this work is an effort to create a deep understanding of what it is like to be human and awake this book is a call to awakening and embracing and transforming our humanity join me in this style definitions table msonormaltable mso style name table normal mso tstyle rowband size 0 mso tstyle colband size 0 mso style noshow yes mso style priority 99 mso style qformat yes mso style parent mso padding alt 0in 5 4pt 0in 5 4pt mso para margin top 0in mso para margin right 0in mso para margin bottom 10 0pt mso para margin left 0in line height 115 mso pagination widow orphan font size 11 0pt font family calibri sans serif mso ascii font family calibri mso ascii theme font minor latin mso fareast font family times new roman mso fareast theme font minor fareast mso hansi font family calibri mso hansi theme font minor latin normal 0 false false false en us x none x none style definitions table msonormaltable mso style name table normal mso tstyle rowband size 0 mso tstyle colband size 0 mso style noshow yes mso style priority 99 mso style qformat yes mso style parent mso padding alt 0in 5 4pt 0in 5 4pt mso para margin top 0in mso para margin right 0in mso para margin bottom 10 0pt mso para margin left 0in line height 115 mso pagination widow orphan font size 11 0pt font family calibri sans serif mso ascii font family calibri mso ascii theme font minor latin mso fareast font family times new roman mso fareast theme font minor fareast mso hansi font family calibri mso hansi theme font minor latin

10 years after my spiritual awakening and after writing over 90 books on life happiness god and enlightenment i realized that a spiritual seeker cannot be enlightened in one aha moment the spiritual journey is much more than that it is a 3 step metamorphosis a transformation that needs one to evolve first from awakening getting that aha of who am i and then living the spiritual awakening and being enlightened thereafter being liberated from this world of pleasure people and possessions and being in a state of eternal happiness free from all misery all suffering i have written several books on enlightenment right from a book on my talaash my quest i have written about how we must exit the highway of achievement transcend fulfillment and reach enlightenment enlightenment is the journey of transcending all karma and going through the process of self realization to reach god realization but how is all this possible all this can only happen if we go through that process of purification and illumination to 4 preface get the basic realization of who am i and why am i here we must answer these two questions while they seem simple they are the most difficult realizations of life if we must attain this we must do it in 3 steps if we want to climb a six foot high rock it is not easy to do it in one step but if we climb two feet at a time it is possible so it is with enlightenment if we divide the spiritual journey into 3 steps we can reach our ultimate destination first we must be awakened with the realization of the truth second we must be enlightened as we live the realizations and finally we should go beyond who we are not we must be liberated and united with the divine the realizations are simple but as long as we live as the mind and ego we can never be truly free to be our true self the body will die and we will return to earth in a rebirth as we suffer and cry because we do not discover who am i this book can be the key to your spiritual journey it can help seekers attain god step by step it is easy but needs sincere commitment and effort it needs the guidance of a guru an enlightened master but surely if one follows this as an enlightenment manual one will achieve the ultimate goal of liberation what is unique in this book is the 3 step method don't try to be enlightened in one flash enlightenment is a journey of awakening that needs realization first thereafter we must put these realizations into action making it our mission if there is enough passion ultimately there will be liberation from all ignorance and unification with the divine we will be free from

all misery on earth and the cycle of death and rebirth we will achieve our ultimate goal as we live as the divine soul where are you on the spiritual journey are you fully awakened are you enlightened when will you be liberated
