this book is concerned with the words rather than the deeds of jesus but even the words are limited to sayings that is units which could or did exist in the tradition as isolated segments passed on in different contexts this leaves out for example those short terse commands or comments of jesus uttered during cures or exorcisms and inextricably linked to some such situation sayings parallels is a workbook for the study of the jesus tradition its existence and structure derives from one basic postulate the exact same unit often appears in different sources genres and versions within the jesus tradition this is what is meant by parallel sayings and this phenomenon and its explanation will have implications even for those cases where there are no parallels and the unit appears in only one instance that basic postulate is taken as a factual statement although of course its implication and interpretation its importance and significance are open to very different visions but granted that preliminary postulate an attempt was made in this book to present the data as neutrally as possible the work is to facilitate discussion of that factual diversity rather than to promote a set understanding of its presence from the introduction
