the everyday experiences concepts and narratives is an inter disciplinary book problematizing the slippery notion of everyday life contributing to a tradition of 20th century scholarly work focusing on everyday life this book specifically attends to the multiple ways that the quotidian aspects of our day to day existence become knotted into situated narratives and concepts in their depth and breadth the chapters compiled here all work with an understanding of everyday life that is i

the ebook edition of this title is open access and freely available to read online filling a gap between classic discussions on everyday media use and recent studies of emergent technologies this book untangles how media become meaningful to us in the everyday connecting us to communities and publics

extreme sports those activities that lie on the outermost edges of independent adventurous leisure activities where a mismanaged mistake or accident would most likely result in death have developed into a significant worldwide phenomenon brymer schweitzer 2017a extreme sport activities are continually evolving typical examples include base an acronym for buildings antennae span earth jumping and related activities such as proximity flying extreme skiing big wave surfing waterfall kayaking rope free solo climbing and high level mountaineering while participant numbers in many traditional team and individual sports such as golf basketball and racket sports have declined over the last decade or so participant numbers in so called extreme sports have surged although extreme sports are still assumed to be a western pastime there has been considerable global uptake equally the idea that adventure sports are only for the young is also changing as participation rates across the generations are growing for example baby boomers are enthusiastic participants of adventure sports more generally brymer schweitzer 2017b patterson 2002 and generation z turn to extreme sports because they are popular and linked to escapism giannoulakis pursglove 2017 arguably extreme sports now support a multi billion dollar industry and the momentum seems to be intensifying traditional explanations for why extreme sports have become so popular are varied for some the popularity is explained as the desire to rebel against a society that is becoming too risk averse for others it is about the spectacle and the

merchandise that is associated with organised activities and athletes for others it is just that there are a lot of people attracted by risk and danger or just want to show off for others still it is about the desire to belong to sub cultures and the glamour that goes with extreme sports some seek mastery in their chosen activity and in situations of significant challenges this confusion is unfortunate as despite their popularity there is still a negative perception about extreme sports participation there is a pressing need for clarity the dominant research perspective has focused on positivist theory driven perspectives that attempt to match extreme sports against predetermined characteristics for the most part empirical research has conformed to predetermined societal perspectives other ways of knowing might reveal more nuanced perspectives of the human dimension of extreme sport participation this special edition brings together cutting edge research and thought examining psychology and extreme sports with particular attention paid to the examination of motivations for initial participation continued participation effective performance and outcomes from participation references brymer e schweitzer r 2017a phenomenology and the extreme sports experience ny routledge brymer e schweitzer r d 2017b evoking the ineffable the phenomenology of extreme sports psychology of consciousness theory research and practice 41 63 74 giannoulakis c pursglove l k 2017 evolution of the action sport setting in s e klein ed defining sport conceptions and borderlines lexington books london 128 146 patterson i 2002 baby boomers and adventure tourism the importance of marketing the leisure experience world leisure journal 44 2 4 10 doi 10 1080 04419057 2002 9674265

clinical psychologist daniel j flannery reveals the impact of violence and victimization in the lives of children and adolescents from a developmental perspective he explores how young people experience violence in their everyday lives and how this impacts their mental health and ability to cope with challenges and crises his case studies show the significance of these mental health issues for the individual family neighborhood and community he offers lists of professional resources including web sites and readings related to violence and mental health this book will be a valuable resource for parents teachers social workers childcare workers public health officials police officers and others who interact every day with young people to help them understand more about child development and how experiences with violence can affect development and daily life

cluj napoca in transylvania is now part of romania but was once a hungarian town and still retains many ethnic hungarians this book examines nationalist politics in cluj transylvania and the wider region and also the more fluid terrain on which ethnicity and nationhood are experienced and understood in everyday life

everyday life is something we tend to take for granted something that just is something unnoticed but everyday life is perhaps the most important dimension of society it s where we live most parts of our lives with each other this book provides a clear contemporary and comprehensive overview of the sociologies of everyday life looking at everyday activities and experiences from language and emotions to popular culture and leisure encountering the everyday explores what social structures orders and processes mean to us on a daily basis the book carefully leads the reader through historical developments in the field beginning at the earlier chicago school and finishing with up to date ideas of postmodernism and interactionism each chapter relates theoretical ideas directly to case studies and real empirical research to make complex concepts and core issues accessible relevant and engaging written by leading international scholars in the field this truly global book will inspire and inform all students and scholars of everyday life sociology

the behavioral and social sciences and the practice of medicine the psychiatric foundations of medicine compiles the contributions of all disciplines that are relevant to the behavioral psychological social and humanistic aspects of medicine including the contributions of clinical psychiatry that constitute an integral part of the healing art and science of medicine this book consists of seven parts parts i and ii deal with the cross sectional dimensions of the infraorganismic organismic and supraorganismic organization of behavior the biological substrates of behavior emotions cognitive functions and psychodynamic views of personality are also elaborated the contributions of behavioral and social science to the practice of medicine are presented in parts iii to vii this publication is specifically written for medical students and physicians

issue 2 3 2004 includes articles on rethinking everyday life the myth of everyday life the persistence of everyday everyday tragedy and creation time and space in everyday life everyday utopianism profane illuminations a different life looking at barthes and foucault routine and ambiguity shame presences a mundane voice limitations and consumption of digital commodities in everyday life to name a few
