every tuesday builds more than a business it builds a life in grass grit author allen dekeyser takes readers behind the mower into the heartbeat of a trade that shaped his spirit his company and his faith through fifteen years of lessons learned the hard way allen shares how to turn chaos into rhythm pride into systems and work into purpose this isn t a how to manual it s a story about leadership trust and quiet professionalism from the shop to the site each chapter feels like a conversation between old friends the kind that teaches you how to run a business without losing yourself in it whether you re a seasoned contractor a new entrepreneur or someone who believes in the power of hard work and honest days grass grit is a blueprint for building something real one tuesday at a time we mow when the turf consents we close every gate we go home on time

first published in 1990 routledge is an imprint of taylor francis an informa company

in this ground breaking and entertaining exploration of athletic success award winning writer david epstein gets to the heart of the great nature vs nurture debate and explodes myths about how and why humans excel along the way epstein exposes the flaws in the so called 10 000 hour rule that states that rigorous practice from a young age is the only route to success he shows why some skills that we

imagine are innate are not like the bullet fast reactions of a baseball player and why other characteristics that we assume are entirely voluntary like the motivation to practice might in fact have important genetic components throughout the sports gene forces us to rethink the very nature of success

this text focuses on the analysis of data and the interpretation of results rather than the computational methods of statistics its examples are taken from a broad range of disciplines and screen shots from the more popular software packages are included to display data and graphics mathematical derivations are minimized so encouraging the student to use a calculator or computer to perform the computations various technology options give the student a range of methods for performing the statistical computations the section on uses and misuses of statistics shows how statistics are presented by graphs and charts
